Renters Insurance Overview

*It is **strongly encouraged** to purchase renters insurance to make sure valuable items can be replaced in case of loss due to unforeseen circumstances*

**Renters Insurance is NOT part of the rent you pay to the PPV partner*

What is renters insurance?

A group of coverages designed to help protect renters and their belongings against certain risks. Renters insurance protects your personal property against damage or loss and protects you in case someone is injured while on your rental property

Why purchase renters insurance?

Your property manager's insurance doesn't cover your personal property if it is stolen or damaged as a result of a fire, theft, or other unexpected circumstances. If you want to protect your personal belongings, purchase a renters insurance policy

Renters insurance will reimburse you for personal property destroyed by a fire. If you accidentally set fire to someone else's property, the personal liability provision will help reimburse the cost of their damaged belongings

Renters insurance typically protects items stolen after a break-in at your rental property, or even items stolen outside of your rental

Damage to your possessions from a burst water pipe is typically covered under renters insurance

Personal liability coverage is part of a standard renters insurance policy. It may help pay for another person's medical bills if you're found legally responsible for their injuries

Tips for Renters Insurance

It is strongly encouraged to purchase renters insurance to make sure valuable items can be replaced if lost due to unforeseen circumstances. The Legal Services Office and MHO on the installation can assist you in understanding different policies

The National Association of Insurance Commissioners quotes the average insurance policy at **\$15-\$30 per month** *Cost may be higher or lower depending on your location, choice of deductible, and coverage limits

- **Actual Cash Value Coverage policies:** Pays what the property was worth at the time of damage
- **Replacement Cost Coverage policies:** Reimburse you for the amount it will cost to replace an item with a new one of like kind and quality

Renters insurance is widely available. It may be available through your car insurance company. Make sure to ask about any discounts and bundling options

Consider Liability Coverage! Your insurer will help cover the costs if you're held responsible for injuring another person or damaging another person's property, including your property manager's. The typical renters insurance policy offers \$100,000 in liability coverage

Understanding Your Lease

Residents must accept and sign the PPV lease with DoD approved language. The lease includes tenant's rights and responsibilities, and the resident handbook is considered part of the lease.

In addition to the lease itself, the PPV lease includes several addendums:

- **Pet Agreement** – Resident is responsible to control and care for their pets at all times.
- **Satellite Dish and Antenna Agreement**— Resident must contact their Housing office regarding restrictions and approval prior to install.

- **Construction and Relocation Rider**— There may be construction that will limit the resident's access to certain amenities and may cause noise and inconveniences. Owner will provide assistance to Resident if needed.
- **Mold and Mildew Disclosure**— Prevention of water and mold related issues: Keeping home clean and dry, notify housing office immediately of all related concerns, and expectations of repairs.
- **Surrounding Land Use Disclosure**— Provides Resident with information on the history of Box Canyon landfill, groundwater maintenance and monitoring and the Stuart Mesa East agricultural fields on base.

- PPV partners are ensuring that all homes have accurate meters
- Basic Allowance for Housing (BAH)/Rent includes an amount for utilities
- “Normal” utilities usage is determined by house type
- Residents that use more will receive a bill for the amount over “normal”
- Residents that use less will receive a credit for the amount conserved
- EFMP families with special needs may be exempted with Commanding Officer approval
 - Wounded Warriors are exempt upon request
- See the provided RECP flyer included with this brief for more information

Visit <https://www.pendleton.marines.mil/Family/Family-Housing/Resident-Energy-Conservation-Program/> for detailed information about RECP.

Solar Panels and RECP

Solar panels help reduce the cost of electricity for the PPV project, making more funds available to reinvest in better homes and neighborhoods.

- Solar power is an environmentally clean way to produce electricity and helps meet Marine Corps energy conservation targets
- If you have solar panels that reduce the cost of electricity charged to residents in the RECP: “The rooftop solar help reduce the cost of electricity to the project and lower the cost per Kilowatt Hour (KWH) charged in the monthly RECP billing.” OR
- If you have solar panels that do not reduce RECP bills: “The rooftop solar helps reduce project operating costs making more funds available for the project company to reinvest into improved housing and neighborhoods.”
